## Preparations Underway

# Inauguration, Homecoming To Highlight Big Weekend

Plans are being finalized and preparations are being made for what could prove to be the busiest and most exciting three-day weekend in recent years at Mary Washington College. The "long weekend" of April 11-13 will be highlighted by the installation of Prince B. Woodard as the fifth President of the College, but will also include the annual Alumni Homecoming celebrations and a full slate of cultural and social events on campus.

The inauguration ceremonies will begin at 11:00 a.m. on Friday, April 11, and will feature a keynote address by Virginia Governor Mills Godwin, one of a number of high State officials expected to be in attendance.

There will be "some" pomp and circumstance involved in the inauguration, but it will be limited, according to Dr. George Van Sant, the chairman of the inauguration planning committee. The professor of philosophy points out that "many of the frills have been eliminated" in light of the recent State requests for budgetary belt-tightening, but "we're not cutting corners where they shouldn't be cut."

Prince B. Woodard, whose inauguration as President of MWC will be on April 11.

"What we're striving for," he says, "is a high degree of elegance with a minimum amount of expenditure."

As plans now stand, the ceremony in the newly-painted Auditorium of George Washington Hall will include: a procession by the special guests and members of the MWC faculty and senior class; several short greetings from distinguished visitors; the address by Governor Godwin; the investiture; and an inaugural address by Dr. Woodard. A recessional will conclude the ceremonies.

According to Dr. Van Sant, most of the seats in the 1,600-seat Auditorium will be reserved for special guests, faculty members and members of the MWC student body. However, there will be several hundred unreserved seats in the lower section for alumni and other visitors.

The investiture will come some nine months after Dr. Woodard assumed the Presidency of the College. Woodard, 53, came to Mary Washington from his position as Chancellor of the West Virginia Board of Regents, the body which oversees the entire system of higher education in that state. As President of MWC, he follows Edward H. Russell, Algernon B. Chandler, Morgan C. Combs and Grellet C. Simpson as head administrative officer of the institution.

The Inauguration, while being the highlight of the weekend, is only the beginning of it.

Other events scheduled on Inauguration Day include: a luncheon in Seacobeck and a reception in Ann Carter Lee Hall; an afternoon performance by the MWC Dance Company; an evening concert by the College-Community Orchestra; and a theater production by the Mary Washington College Players.

There will be two art exhibitions on campus over the long weekend, one in duPont Hall featuring the works of Bill Gus Komodore, MWC's Visiting Artist, and one in George Washington Hall spotlighting MWC student art.

The MWC Player production of "You Can't Take It With You" will be presented each evening, Wednesday through Saturday, in Klein Memorial Theater in duPont Hall. The MWC Chorus, which will sing during the

inauguration ceremonies, will present a full concert on Sunday evening in the Auditorium of George Washington Hall.

Activities and celebrations related to the Alumni Homecoming weekend will come to a head on Saturday, April 12, with a morning meeting in Ann Carter Lee Hall followed by

## Four Professors Set Retirement

The retirements of four long-term professors at Mary Washington College were announced by the College's Board of Visitors at their February 8 meeting.

Announced as retiring on June 30 were Dr. Almont Lindsey, professor of history, Mrs. Claudia Read, professor of health, physical education and recreation, and Dr. Carmen Rivera, professor of modern foreign languages. Retiring effective December 31 is Dr. Raiford Sumner, professor of economics and political science.

The four professors have a total of 115 years of teaching at Mary Washington College.

Dr. Lindsey, a member of the College staff since 1937, is the author of *The Pullman Strike*, which was selected in 1963 for the White House Library of Significant Publications. He is also the author of several studies on socialized medicine in England and on life in the Soviet Union. A graduate of Knox College, Dr. Lindsey received his M.A. and Ph.D. degrees from the University of Illinois.

Mrs. Read, who specialized in dance and physical education, has been a member of the faculty for 30 years. A graduate of the University of North Carolina, she received her

master's degree from New York University and has taken additional study at a number of universities and professional schools, including the Mary Wigman School in Berlin and the Humphrey-Weidman Studio in New York. She is a charter member of the Virginia Dance Society of the Virginia Museum of Fine Arts, and has been associated with the Virginia Commission of Arts and Humanities during the past seven years.

Dr. Rivera, the 1972 recipient of the Grellet C. Simpson Award for excellence in undergraduate teaching at Mary Washington College, has taught Spanish at the College since 1955. An active participant in numerous professional foreign language groups and author of a number of articles on Spanish literature, Dr. Rivera holds a B.A. degree from the University of Puerto Rico, an M.A. from Florida State University, and a Ph.D. from the University of Salamanca in Spain.

Dr. Sumner, who asked for early retirement from his position as professor of economics and political science, will retire in December after more than 27 years on the faculty of the College. A graduate of the University of Tennessee, Dr. Sumner holds master's degrees from both the University of Mississippi and the University of North Carolina and has a Ph.D. from Louisiana State University. He is active in a number of professional political science organizations, including Pi Gamma Mu and the Academy of Political Science.

a luncheon at Brompton. The individual classes will hold their reunions in the afternoon and at the annual Reunion Dinner-Dance at the Sheraton-Fredericksburg.

The final plans and details for all of these events will be forthcoming over the next few weeks as the town and the College gear for what one bemused administrative official has called "our wild and wooly weekend." And if you can't be in Fredericksburg April 11-13, we'll try to capture the excitement of the weekend in the next issue of *MWC Today*.

### Art Exhibition Features Work By Paul Muick

*Paintings by Paul Muick, professor of art at Mary Washington College, are being featured at a show which opened February 12 at the Virginia Museum's Robinson House in Richmond.*

*Muick won the right to hold the show*

by winning a certificate of distinction for a painting entered in the museum's artist biennial in 1973.

*The artist, who joined the MWC faculty in 1964, teaches sculpture. He has exhibited work at the Fredericksburg Gallery of Art and at shows in Munich, Berlin and New York City.*

*The show in Richmond will run through March 16.*

# Agnes DeMille Is 1975 Visitor

Award-winning choreographer Agnes DeMille has been selected as this year's Distinguished Visitor in Residence at MWC. Miss DeMille, who choreographed the Broadway musicals "Oklahoma," "Brigadoon," and "Paint Your Wagon," will visit the College April 15-17.

The Distinguished Visitor in Residence Program, aimed at bringing renowned scholars and artists to the College for a series of classes, lectures and public forums, was begun five years ago by the College Alumni Association. The previous Distinguished Visitors are anthropologist Margaret Mead, the late social activist Saul Alinsky, historian Arthur Schlesinger and novelist Chaim Potok.

Miss DeMille has received a wide spectrum of awards for dance and choreography, including the coveted Tony Award and the Dancing Masters' Award of Merit. A frequent contributor to magazines such as "Esquire" and "Atlantic Monthly," Miss DeMille is the author of *Dance In America* (1970) and six other volumes on choreography and dance.

Present plans call for Miss DeMille to visit and to instruct in a number of dance and theater classes at the College in addition to giving a major public address and hosting several open forums.

## Miss Droste To Resign As Dean

Miss Mildred Droste, Dean of Students at MWC, has submitted her resignation as Dean, effective June 30, to return to full-time teaching in the Department of Health, Physical Education and Recreation.

Miss Droste, who joined the MWC faculty in the fall of 1954, holds the rank of Associate Professor. From September 1966 to the summer of 1969, she served as Assistant Dean of Students. She was appointed Dean of Students effective July 1, 1969.

In requesting a change of status, Dean Droste indicated that while she had enjoyed her administrative responsibilities, she now wished to direct all her efforts toward instructing students in the important area of health, physical education and recreation.

President Woodard commended Dean Droste for her contributions as a member of the administration of the College. In honoring her request to relinquish the Deanship at the end of the current school year, the President gave special recognition to Dean Droste's work with freshman orientation, residence hall directors, student leaders and with the summer Governor's School for the Gifted.

As of press time, no successor for Dean Droste had been named.

## MWC's 'One and Only' Triple Major

It will take 150 hours of academic credit instead of the regular 122, but when Carol Snell graduates in May, she will be doing something no other student in the history of Mary Washington College has ever done: she will graduate as a major in three separate subjects. The Lynchburg, Va., student has managed to squeeze three specialties out of the four years it takes most students to garner one. And she's chosen her fields in areas some would consider not quite down the beaten path - classical civilization, philosophy, and Latin. And while you would think that she would have to be spending all of her time studying to keep up with the demanding load, it is interesting to note that she has also been certified to teach and that she is an active member of the fencing team. Says the 3.0-average student, "I just wanted to get a broad, overall look at the ancient world, and majoring in those three subjects seemed to be the best way to do it. It's hard, but not impossible, and I'd recommend it to anyone."

# Alumni In The News

Jean Winfrey Gregory, '69, an aquatic biologist for the Virginia Water Control Board, was named Virginia's "Outstanding Young Woman" of 1974.

The award, sponsored by women's organizations in Virginia, honors women between the ages of 21 and 35 for civic and professional achievement.

Mrs. Gregory, 27, was the first woman hired as pollution control specialist for the Board's division of ecological studies, and is the only phycologist (algae specialist) on the Board's staff.

As pollution control specialist, Mrs. Gregory's chief function has been to survey Virginia's lakes for possible pollution.

According to an article in the Richmond *Times-Dispatch*, Mrs. Gregory "first became interested in ecology while an undergraduate" at MWC, where she majored in biology. She has since completed her master's degree from Virginia Commonwealth University and is a Ph.D. candidate in environmental science from the University of Virginia.

She and her husband, Ronald, reside in Richmond.

Frances D. Cook, '67, is first secretary and cultural attaché at the American Embassy in Dakar, Senegal.

The MWC pre-foreign service major is directing the American Cultural Center and Library and is teaching a course in American civilization at the University of Dakar.

In addition, the Homestead, Fla., native is giving private English lessons to both the President and Chief Justice of Senegal.

Katherine Edmondson Hopper, '29, has been appointed by the State Board of Education to serve as Director of the 1975 Governor's School for the Gifted to be held at MWC from June 20 to July 19.

Mrs. Hopper, a Fairfax, Va., resident and a member of the College's Board of Visitors, also served as Director last year.

The Governor's School, which is designed to provide supplemental and concentrated instruction for academically superior high school students, will be held for the third year at MWC. Approximately one hundred and fifty rising juniors and seniors from high schools throughout the state will be participating in the program of selective studies in the humanities, the fine and performing arts, as well as the physical and social sciences.

Mary Baldwin College in Staunton, Va., and Sullins College in Bristol, Va., will also serve as host institutions for the 1975 Governor's School for the Gifted.

Mrs. Hopper recently retired as Director of Pupil Services for the Fairfax County Public Schools. She is well known in local, state and national guidance and counseling organizations for having served as president of the Fairfax Educational Association, president of the Virginia Guidance Association and as secretary to the Virginia Personnel Guidance Association.

MWC is looking for six resident directors for the various residence halls. If any alumna is interested in the ten-month job, or if any alumnus knows of someone who might be interested, please contact Miss Mildred Drane, Dean of Students at MWC.

Mrs. Collier

Mrs. Melton

Betty Mitchell Collier, '59, has been promoted to the position of Manager-Administration at the American Tobacco Company's Department of Research and Development in Richmond, Virginia. She has been with the company since graduating from MWC with a B.S. in chemistry.

At the outset of her career as a Research Assistant in the New Products Division of Research and Development, Mrs. Collier was recognized for a research paper she coauthored and published in *Tobacco Science*. In 1967 she was promoted to Staff Assistant in the New Products Division, and held a variety of administrative and staff positions before her promotion to Assistant Manager-Administration, in 1973.

Mrs. Collier and her husband live in Chester, Virginia.

Anne Saghy Dillman, '43, was honored recently in Perth Amboy, N.J., as that city's "Woman of the Year." Mrs. Dillman, who has been president of the Perth Amboy Board of Education since 1972, was cited for her "long years of service to education in Perth Amboy, Middlesex County and in the state."

She is also a former president of the New Jersey Chapter of the MWC Alumni Association.

## Survey Results

In August, the readers of *MWC Today* were asked to complete and return a questionnaire included in the magazine. The purpose of the questionnaire was to discover just what the readership of *MWC Today* thinks about the various aspects of the publication as now presented. One hundred and sixty-nine persons responded to the survey, and the following information was gleaned from the tally of responses:

- \*most of the respondents were alumnae;
- \*most of the alumni who responded were members of the classes from 1964-1973;
- \*half of all readers start reading on page one and read straight through, focusing on features, and the other half flip first to the class notes, and then back to the first page;
- \*feature stories tended to be the favorite parts of the magazine;
- \*readers would like to see greater coverage of student life and academic/departmental matters;
- \*most readers are satisfied with the photography, wishing for more if any change were to be made;

\*most people who receive the magazine glance at the class notes;

\*those who read the class notes generally read a central year and the two or three years surrounding it;

\*half of the readers enjoy the present "letter" format and half would like more conciseness;

\*in comparison to other alumni publications, *MWC Today* fares poorly in attractiveness but fares well in informational content and readability;

\*in general, *MWC Today* meets the needs of its readers.

The staff in the Office of Information Services wishes to thank those who responded to this survey. The responses have been analyzed and the derivative recommendations have been incorporated into the editorial policy of *MWC Today*. Improvements the staff plans to implement with each succeeding issue include the use of more feature stories and quality photographs, the trimming and distillation of the letters forwarded by class agents, and the greater spotlighting of alumni career advancements. The staff believes that these changes, recommended by our responsive readers, will help to improve the overall appeal of *MWC Today*.

## Gavel Points

**Virginia Felts Brown, '50**  
President, MWC Alumni Association

### Homecoming and Dr. Woodard's Inauguration

Our annual Homecoming begins on Friday, April 11, with the inauguration of our new president, Dr. Prince Woodard. This event, coupled with other plans for the alumni, promises to make this an especially exciting occasion for all who return. Beginning at 5:00 p.m. on Friday, the Alumni Association will entertain Dr. and Mrs. Woodard and the invited dignitaries with a reception in Ann Carter Lee Ballroom. Dr. Woodard will speak at our meeting on Saturday morning, as well as be at the Reunion Banquet on Saturday night. So, we hope that all of you will get a chance to meet him and become acquainted. We also hope that all who can will make plans to be at the Inauguration to show our support on such an august occasion.

### Simpsons are now Honorary Members

By action of the Alumni Board of Directors at the February Board meeting, Dr. and Mrs. Grellet Simpson were given Honorary Membership in the Association. The occasion was a dinner party at Spotswood attended by the current Board members and the Board whose term expired June 30, 1974. It is nice to have these two fine friends of such long standing "officially" among us now.

### tribute to Michael Houston

At the same event, the Association gave a sum of \$1,000.00 to the Michael Houston Memorial Scholarship Fund. For this scholarship, priority is given to students attending MWC whose parents are classified employees of the College. Many of you made suggestions of ways by which we could honor Mike who was our liaison to the College administration and was a true friend of the Association. When all of the ideas were considered, the Board felt that the most meaningful use of the fund in terms of Mike's interests and desires would be to serve the needs of the classified employees of the College, with whom he worked so closely. Miriam Houston, Mike's widow, was made an Honorary Member of the Association at this meeting.

### D.V.I.R.

The Distinguished Visitor in Residence for this year is the famous choreographer, Agnes DeMille, who will be on campus April 15-17. This year the Alumni committee sought a visitor from the performing arts in order to bring another exciting dimension to the DVIR program which we provide for the College.

### MWC Alumni Fund

The annual giving to the Alumni Fund is apparently being affected by the precarious condition of our economy at this time. Whereas the total amount received by this time is not too behind what it was at a comparable time a year ago, the current budget is considerably larger than any previous one. Therefore, you are urged to respond, no matter how small the amount. The service and support that we can give the College is often measured by the amount of money that we have. So, please keep the fund growing.

### Student Recruiting

Having recently attended a meeting of the committee chairmen for the Regional Scholarship Program, I was frequently reminded of the fact that these alumni have been asked to do directly that which all of us can be doing indirectly: that is, recruiting worthy students for MWC. Tell those high school stu-

dents that you know what MWC did for you and can like wise do for them. Let's help our enrollment stay filled at a time when the national trend is dwindling. Boost MWC! We are counting on all of you.

## Chapter News

### Baltimore

The Baltimore Chapter of the Mary Washington College Alumni Association has had an active, productive year. In October, a speaker from the League of Women Voters presented a full program for the members. A successful Wassail party at the home of Marie Rhodes Cappiello put members into the Christmas spirit, old English style.

Upcoming events include a craft workshop to be held March 15 and participation in the Towson Fair on April 25.

### Peninsula

The Peninsula Chapter held an informal coke party for incoming and returning students at the home of Kathleen Sprinkle Lisagor in early August. In November, the Chapter was pleased to host Dr. and Mrs. Prince Woodard at a luncheon meeting. President Woodard graciously answered many questions from the alumni concerning a variety of topics, including course offerings, College finances and scholarships.

Two regional covered dish luncheons are scheduled for January and February in order to give our widely scattered alumni a chance to get better acquainted. The hostesses for these events will be: Judy Akers Wilson - Newport News, and Betty Carrier Church - Hampton.

### Fairfax County

Again this year, Katharine Edmondson Hopper hosted the annual Chapter Christmas Cookie Exchange Party. Each member brought two plates of cookies and copies of the recipes for making them. After socializing and enjoying the refreshments, Chapter president Louise Luter Parker thanked each of those who had helped to make the Chapter's Boutique Sale a success. She announced that the profit from the sale was in excess of \$650.00. Mrs. Parker also noted the upcoming events for the Chapter: the reception for Dr. Woodard in March, and the fashion show luncheon in May. She also requested that anyone interested in helping to compile a Christmas Goodies Cook-book should contact her.

### Fredericksburg

The Fredericksburg Chapter of the MWC Alumni Association has set several goals for itself this year, including those of increased membership, greater participation and a closer relationship with the College. To achieve these goals, a variety of activities have been planned for chapter members. All meetings are held on the second Monday of the month at 7:30 p.m. at the Spotswood Alumni House, unless otherwise specified. Anyone in the area is cordially invited to join the Chapter for the meetings.

The Chapter hosted a punch party for the business representatives who were present during Career Day in October. In November, the Chapter was able to meet and discuss items of interest with a panel of MWC students. Christmas found the chapter providing coffee for MWC students during their examination period.

The annual chapter award to the outstanding MWC student who graduated from an

area high school was presented to Elaine Marie Williams during the January 15 meeting at Brompton. Miss Williams, a 1971 graduate of Spotsylvania Senior High, is a history major and a member of Phi Alpha Theta and Pi Gamma Mu, history and social science honorary societies respectively.

The Chapter convened again informally in February to hear the marvelous "Preservation Hall Jazz Band" when they performed at the College. The upcoming March meeting will feature elections of officers and a talk by Sue Hanna, the Assistant Dean for Academic Advising.

## Travel Notes

The 1975 Alumni Association Travel Program has been finalized. Changes in the original scheduling have been made because of political climates and other unexpected and unavoidable problems.

With this new schedule, the Association believes it has included offerings which will appeal to every taste and budget. Final selection of trips was based on MWC Traveler's Club member's recommendations.

Details of the trip will appear in *MWC Today*. Complete trip information is available upon request from the Alumni Office. Brochures on Copenhagen and Ireland will be sent to all alumni.

\**Friendly Freeport Fiesta* - March 7-11, 1975 (a deluxe long weekend getaway in the sunshine and excitement of Freeport, Grand Bahama Island), \$265 per person.

\**Wonderful Copenhagen* - June 22-30, 1975 (a complete one week deluxe package in the Scandinavian fun capital), \$489 per person plus tax.

\**Fabulous Ireland* - August 22-30, 1975 (a complete one week deluxe package) \$399 per person plus tax.

\**Gulf of Mexico Thanksgiving Cruise* - November 19 - December 5, 1975 (two weeks of history, sun and fun aboard the luxurious Royal Viking Sea). See details below.

Members of the Mary Washington College Alumni Association will have an opportunity to spend Thanksgiving, 1975, in the land of the Mayas as they cruise aboard the 22,000-ton Royal Viking Sea. Passengers aboard this 13-day New Orleans/Gulf of Mexico/Caribbean cruise will depart November 16 from New Orleans and November 18 from Fort Lauderdale.

First call will be Port-au-Prince, followed by Montego Bay, before the ship cruises to the land of the Mayas and calls at Puerto Cortes, San Thomas de Castilla, Belize and Cozumel/Playa del Carmen before journey's end at New Orleans November 29.

Shore excursions offer a look at the fascinating world of the Mayas, with a civilization developed to an amazing extent and then abandoned mysteriously. A complete program of shipboard lectures will present the history of their civilization, and the Mayans' accomplishments in art, science, mathematics and architecture.

But the varied itinerary is just part of the fun. The Norwegian-flag ship is truly an elegant, spacious ship with beautifully decorated staterooms.

Per person cost of the 13-day New Orleans/Gulf of Mexico/ Caribbean cruise starts at \$1,103 for an outside double stateroom, excluding air fare. Reservations and further information may be obtained from Mrs. Diana D. Koski, Director of Alumni Affairs, Mary Washington College, P.O. Box 1315, Fredericksburg, Va., 22401.

## Alumni Election Slated

Members of the Alumni Association will be voting soon on candidates for First Vice President, Second Vice President and Third Vice President of the Association.

The Nomination and Election Committee, chaired by Helen Starnell Wiles, '42, has placed in nomination the following:

Eleanor Pollock, '55, for First Vice President in charge of the Alumni Fund;

Frances Wishner, '68, for Second Vice President in charge of Homecoming;

Nancy Sykes, '62, for third Vice President in charge of Chapters.

The candidates were selected from nominations sent by chapters, class agents and individual alumni. The single slate ballot, which will be sent in March to all alumni for whom the Alumni Office has a current address, will have space for write-in candidates. Those elected will serve terms of two years commencing July 1, 1975.

Duties of the offices are as follows:

**First Vice President** -- "He shall be responsible for planning and implementing, in cooperation with the Director of Alumni Affairs, the annual fund raising program of the Association. He shall appoint his own Fund Committee."

**Second Vice President** -- "He shall determine and execute plans for the annual meeting of the Association and for other major reunion activities of the alumni. He shall appoint his own program committee."

**Third Vice President** -- "He shall be responsible for encouraging and supporting the work of the chapters, providing information and guidance to chapter officers, acting as liaison between chapters and the central office, and representing the chapter viewpoint on the Board. He shall appoint his own committee."

Procedures for nominations and elections are recommended by the Nomination and Election Committee and are voted upon by the Board of Directors.

*For your consideration, we are including in this issue information on the candidates. Please keep this issue of MWC Today for reference. Detailed biographical information on the candidates will not be repeated on the ballot.*

Members of the Nomination and Election Committee are enthusiastic about the candidates. Each was selected for her understanding of the Association and its programs, past involvement with the College and the Alumni Association, sincere willingness to serve, achievements and interests which especially relate to the position.

### The Candidates:

**Eleanor Pollock**, '55, is a resident of Springfield, Virginia. Her goal if elected to the first vice presidency is "to cooperate fully with the Director of Alumni Affairs in planning and implementing a successful fund raising program for the Association, so that the Association may continue to provide strong support to Mary Washington in maintaining its tradition of excellence."

Eleanor believes strongly in the liberal arts education. She says, "In this age of technology and specialization, Mary Washington College, as a liberal arts school, has an important role to play in the education of young men and women. As I reflect upon the four years I spent at Mary Washington, I become increasingly aware of the value of an education in the arts. Such a broad course of study provides the foundation for a person's intellectual growth and makes one sensitive to the social needs of the world."

Eleanor has an M.Ed. from the University of Virginia and currently teaches 4th grade in Fairfax County, Virginia. She is a member and officer of Alpha Delta Kappa honorary teacher's sorority; alumni chapter of Mu Phi Epsilon honorary music fraternity; Fairfax Education Association; Virginia Education Association; and the National Education Association. Additionally she is active in her church choir and serves on the Board of Education of the First Baptist Church of Washington, D.C.

She is currently treasurer of the Fairfax Alumni Chapter and is a past member of the Nomination and Election Committee of the Association.

**Frances Wishner**, '68, is the candidate for Second Vice President of the Association in charge of Homecoming. Fran thinks that Homecoming should serve as a time not only to get together with old friends but also to see and learn what is happening at MWC. She says that "when we become aware as alumni, we can then direct our support into useful channels, be it student recruitment, financial support or other meaningful endeavors."

Fran is not just aware of what is going on in the Alumni Association, but she is also aware of her community and its needs. Her husband, Lawrence, and daughters Nancy, 16, and Catherine, 5, live near Fredericksburg in Spotsylvania County. Fran serves that county as president of Extension Homemakers Club; as chairman of the Policy Committee of the

P.T.A.; and as chairman of the study group of the Spotsylvania School advisory committee. She has chosen music as her career, and presents vocal recitals on campus and in the community. This interest has allowed her to serve as Music Chairman for the Fredericksburg Woman's Club as well as serve on its Board of Directors.

Fran has been active in the Fredericksburg Chapter of the Alumni Association since its reorganization in 1972. She serves as Parliamentarian and Executive Committee member of the Chapter. In addition, she is serving on the steering committee for the inauguration of President Woodard and has served on the Homecoming Committees of the past two years.

**Nancy Sykes**, '62, is from Newport News, Va., and has been active in the Alumni Association since graduation. In speaking of her work in the Alumni Association, she says that she is "convinced that alumni can be passive no longer and simply rely on the Alumni Association to serve them. If MWC is to survive and maintain its high academic standards, it will need help. There is every reason to believe the MWC Alumni Association can become as strong and as influential as associations in larger colleges."

Nancy believes that increased chapter activity is an obvious way to keep MWC alive and interested. MWC alumnae, she says, "Mystery contributions are very important, but there are many additional ways that alumni can serve the Association and the College." Her goal as Third Vice President is to educate and stimulate alumni by promoting chapter activities. Her own experience with chapters is long. She currently serves as president of the Peninsula Chapter and has served as secretary and treasurer for that group. Additionally she has been agent for the class of 1962 for the Alumni Fund campaign in 1973. She has served for the past two years as National Telethon chairman for the Association and has served on the Regional Scholarship Committee for the past two years.

She and her husband, George, are currently involved with starting a mail order business. Professionally, Nancy was a mathematician at NASA from 1962-1969. Now she is a homemaker and mother to Valerie, 6, and Vanessa, 4.
